Fantastic book!By Lizarts99This book is chock full of wonderful ideas. I own about a dozen other collage books, and this one goes right to the top of the list. So many projects, and very well illustrated.1 of 1 people found the following review helpful. A great collage book!By PaetThis a book of ideas. Going through the pages you get ideas about how to do different techniques in collage. It is clear and well written and very much worth it's price. I would say that it should be in every artist's library.

The only book to focus on creating meaningful, expressive collage Exciting step-by-step techniques and ideas for self-expression through collage Collage is extremely popular with crafters and scrapbookers Innovative viewpoint and

inspiring examples Collage can be more, much more, than just cutting and pasting. It can be a wonderful art form and a means of self-expression. Collage Journeys presents a series of innovative workshop assignments, each designed to relate the technique and format of a collage to its subject. Gathering materials, generating ideas, painting with paper, working in layers, using text, keeping a visual journal project by project, new collage skills are explored. Stunning finished pieces offer additional ideas and inspiration. For anyone who has ever wanted to take collage to the next level; adding meaning, subtext, and style Collage Journeys offers the journey of a lifetime.
