William Quarles : Common Sense Pest Control Quarterly:vol. XVI(Summer 2000) before purchasing it in order to gage whether or not it would be worth my time, and all praised Common Sense Pest Control Quarterly:vol. XVI(Summer 2000):

This publication contains the latest research findings on Lyme disease, hantavirus, and West Nile encephalitis. Learn how to avoid the pathogens that cause these diseases and how to control the mosquitoes and ticks that carry them without resorting to areawide applications of pesticides.
