Another great book from Stephanie Corfee By Iris I own just about every book Stephanie Corfee has written and loved every one of them - this is no exception. This one is extra unique because it is geared towards the individual just doodling away with cute little prompts and the freedom to draw through the entire book. If you're looking for little prompts to stir your creativity and a book to house your cute doodles, this is the book for you!

In today's busy world, it can be difficult to set aside time for artistic activities and contemplative endeavors. With the

selection of fun prompts and open journaling pages in *Creative Doodling Beyond Inspirational Journal*, it's easier than even to unwind in a creative and therapeutic way. Write about your day, doodle what inspires you, or simply while away the hours in artistic imagination—the choice is yours!
