Chris Rankin : Creative Smocking: Contemporary Designs * Traditional Techniques before purchasing it in order to gage whether or not it would be worth my time, and all praised Creative Smocking: Contemporary Designs * Traditional Techniques:

1 of 1 people found the following review helpful. Good for ideasBy nathanaelMy favorite pattern is the one right on the cover, but there are some neat ideas inside. It is not a book for learning HOW to smock, it is a book for taking smocking to a new level with innovation.0 of 0 people found the following review helpful. Not greatBy RoVery little info or inspiration. The same photos of admittedly nice projects are used over and over throughout the book. "The Art of Manipulating fabric" is far superior.29 of 29 people found the following review helpful. Good overview of uses for smockingBy Karen StevensIf you are a beginning smocker looking for instructions and patterns, this is not the book for you. BUT if you are an experienced smocker looking for new applications and help in adapting patterns to insert smocking, this book is very good. Many innovative ideas for adding smocking to you sewing. Nice photos of projects.

Adventurous sewers have embraced the style again, experimenting with new methods and materials and inventing

fresh effects. Exciting original designs all appear in color photos. A showcase of smocking combined with decorative stitches and embroidery...filled with beautiful projects....Very good diagrams and instructions on how to smock for the beginner.Doll Crafter
