Maryann Gillespie : Cricut Tips the Ultimate Troubleshooting Guide: How to Master Your Cricut Machine before purchasing it in order to gage whether or not it would be worth my time, and all praised Cricut Tips the Ultimate Troubleshooting Guide: How to Master Your Cricut Machine:

9 of 9 people found the following review helpful. The book has many great tips but it only covers up to Expression machines
By Nancy Osika
The book has many great tips but it only covers up to Expression machines. I have the Explore and would like more information on using it.
5 of 5 people found the following review helpful. Well worth the investment!
By Customer
I just upgraded to the Cricut Expression 2 and must say that this book had a lot of valuable information in it. I also have friends with smaller machines and learned a few tips that will help them as well. Easy to understand and follow.
0 of 0 people found the following review helpful. Probably great several years ago
By E. Heckmann
This is an outdated book and was probably great for Cricut users several years ago. It does not apply to newer models or to Cricut's new software, all of which I use so it went back.

Cricut Tips, Tricks and Troubleshooting Guide Book - How to Master Your Cricut Machine
Attention all Cricut users. Do you have a love-hate relationship with your Cricut machine? You love the fun you have creating beautiful craft projects but hate when you can't figure out how to get your die cut machine to make all those fancy cuts, after all isn't that the reason you bought the machine in the first place? So you have two choices, you can waste your valuable crafting time hunting for the solution to the problem or you can use this handy dandy Cricut book for dummies, stuffed full of useful tips, tricks and troubleshooting techniques to help beginners master their machines. I bet even a few advanced users will learn a tip or two. Sure you may have seen some of these tips but, I guarantee you haven't seen them all. Even if you only use one of these money saving tricks and I dare you to stop at just one, it will more than pay for itself in the time it saves you and the frustration it eliminates. But don't take my word for it, look inside and see for yourself. Here are just some of the helpful hints you'll learn. Troubleshooting Techniques Help With Cricut Cartridges Ending the Blade Blues Cutting Mat Miracles Working With Gel Pens and Markers Used Cricuts the Good the Bad and the Ugly Favorite Adhesives Paper and Tools Money Saving Tricks Conquering Craft Room Chaos Warranty Warning DIY Repairs and Resources And much more! Do not buy this Cricut book if you are looking for craft projects. There are no card making or scrap booking instructions inside. What you will find is helpful information Cricuter's need to get the most out of their Cricut machines.
