The patterns and description of stitches gave me the incentive to make my own variations and develop gorgeous items. I would recommend purchasing this book.1 of 1 people found the following review helpful. Not for the "absolute beginner"By Yee-haw TexasNot really for an absolute beginner. It's a help but not much of a help. I've taken two classes but this book doesn't address some of the questions I ended up asking my teacher.0 of 0 people found the following review helpful.
