Author has great instructional styleBy CustomerThis is a super book. I last knitted probably 30 years ago - I could make scarfs. woo hoo. I have only done dish washing cloths - but they look really good! I knitted and purled. It has several easy to do projects. I just retired so this is a start.11 of 11 people found the following review helpful. There's a new generation of knitters out there, turning the traditional image of granny-knitters on its head. Everyone has heard the mantra 'Knitting is the new yoga' but not everyone is lucky enough to have someone to show them the ropes and get them started on their very first row. Unless they have a friend or relative to teach them how to start, often would-be knitters turn to the so-called 'beginners patterns' but these can be confusing, difficult to follow, and more often than not written in 'knit' rather than English. This book will be a tried and tested guide for people at the very beginning of their knitting lives, looking for guidance and patterns for projects that they can use to make that first all-important step to 'Beyond the Scarf'. Contents include: Knitting Basics: Getting Started; Knitter's First Project: The Scarf; Workshops: Decreasing; Creating a Rib; Changing Colour; Increasing; Finishing; Knitting a Flower; Cable: Making a Cable; Making a Cable Bag; Eyelets and so on...

The must-have accessory this winter " The Sunday Telegraph (November 2008) '...you'll be a whizz with the needles by the time you've finished...' Knit Today (October 2009) 'Learn-to-knit books are a dime a dozen, but this is the best recent one we know.' www.allaboutyou.com About the Author Aneeta Patel teaches knitting classes to all levels, including a variety of beginners' knitting classes at the fabulous Loop store in Islington, London. Along with an art therapist, she also runs a workshop called 'Knitting for Quitting', helping smokers to give up.
