Patterns by Laura Nelkin are unique and come with plenty of instructions and videos on her website that explain new techniques. Easy to read and follow the instructions and charges 23 of 25 people found the following review helpful. Beautiful knits for various skill levels. By Customer Laura did a fantastic job with this gorgeous book. It includes not only patterns but also stitch glossary and pictures of how to form the stitches, information on yarns, information about lace and knitting lace, etc. The book is well laid out for the consumer to navigate easily. The designs are gorgeous! 1 of 1 people found the following review helpful. An Essential Part of Every Knitter's Library! By Laurel This book is a work of art! All the projects are unique and the pictures of them are detailed and beautiful, and they capture each project perfectly, but what I love the most about it are the written words. Laura does a

fabulous job of explaining in depth each project from details on certain stitches to the kind of yarn you should use and why. I feel like I am an experienced knitter but I'm always wanting to learn new techniques which can be hard to find. With each and every project from this book, I find I'm in a classroom learning something new about knitting and that is truly a wonderful gift from a book. I also love how Laura's patterns are refreshing! How many times have you knit something and every pattern starts exactly the same way and while some things are different, you are essentially knitting a similar pattern. With Laura's patterns, you are never going to go the same route. It's like she takes you on a ride that you've never experienced before. You may be knitting a shawl or gloves or a hat but the way she gets you from point A to point B is ever-changing which in my opinion, keeps the patterns fun. This book will definitely keep you busy and I highly recommend it to all knitters both beginners and more experienced ones as we can all and will learn something new with this amazing book. It should be an essential part of every knitter's library.

An abundance of knitted luxuries--summery lace shawls, warm and wooly hats, a trio of cool knitted bracelets, and stunning beaded gloves--designed to grow your skills. Who doesn't love to knit accessories? They're fast, often require only a skein or two of yarn, and make amazingly versatile gifts for friends and family. Small knits are also the perfect way to try something new--an unusual stitch pattern, wild multi-colored yarn, or even a touch of sparkle. Laura Nelkin is well-known for designing these fun-to-knit little projects introducing her students and fans to advanced techniques with her signature "You can do it!" enthusiasm. In her first book, she shares her 3 favorite types of knitting using wrapped stitches, lacework, and beads. Each chapter begins with a quick knitted cuff to lay the foundations, then gradually ramps up to more complicated designs. The result is an all-new collection of wearable, feminine knits with a slightly rustic aesthetic. Give them as gifts, stockpile for a chilly day, or dress up a casual outfit--these are knockout projects to enjoy knitting again and again.

About the Author Laura Nelkin, a prolific independent knitwear designer, graduated from Cornell with a degree in Apparel Design. A former design director, Laura sells her knit pattern and kit line to yarn stores worldwide and teaches workshops around the country and online with Craftsy.com. Her patterns have been published through Nelkin Designs, and in *The Rhinebeck Sweater*, *Scarf Style 2*, *Knitscene*, and *Knitty*. Laura lives near Ithaca, New York.
