Burton Silver : Kokigami: The Intimate Art of the Little Paper Costume before purchasing it in order to gauge whether or not it would be worth my time, and all praised Kokigami: The Intimate Art of the Little Paper Costume:

2 of 2 people found the following review helpful. Beware of Paper Cuts By Joshua Koppel This book is dedicated to the intimate art of the little paper costume. This is not origami and is closer to paper dolls. The book is nicely laid out and the introduction maintains the illusion of this being a true ancient artform. What is the artform? Well, it is to cut out and assemble little costumes or disguises to be placed over the erect male member. The costumes span quite a range from a pig (as pictured on the cover) to a space shuttle. Most of the book is taken up with the heavy printed pages that comprise the parts of the costumes. If you were to actually go ahead with one of these constructions, the directions are quite simple and clear. Just watch out for paper cuts. All in all there are 14 models. They are The Dragon, The Cock (rooster), The Squid, The Moth, The Pig, The Fish, The Horse, The Dog, The Rose, The Car, The Steam Engine, The Space Shuttle, The Fire Engine and The Private Investigator. 1 of 2 people found the following review helpful. Fun and Informative By A Customer This book provides an excellent introduction to the history and practice of Kokigami. The cut out costumes provided are beautifully crafted. An outstanding gift for the sexually adventurous, playful, or curious.

Almost everyone is familiar with origami, the art of paper folding, but kokigami is a cock (er, bird) of an entirely different feather. The first definitive instructional guide to this ancient Japanese art, KOKIGAMI brings to life quite literally this most mysterious practice from the Orient. Written specifically for Westerners, KOKIGAMI contains 14

beautiful little paper costumes that are a delight to make and a rare pleasure to use. The authors' writings on the history and lore of the art will intrigue anyone interested in Japanese paper arts, and the costumes themselves will fascinate and inspire those eager to add new and exciting dimensions to their intimate relationships. From the Hardcover edition.
