LanpherNeat book that describes Koos and his collage technique. Filled with lovely pictures. Now I want to try to "Koos" some item when I sew my next jacket.0 of 0 people found the following review helpful. Creative IdeasBy E. K. WallaceI have liked his creations for years without really knowing who he was. Sad that the creative world lost him this year. I collected some of his patterns and will be sawing them soon. The book will be a great and informitive help in freeing up my creative sewing.

This biography and illustrated guide highlights the work of master designer Koos van den Akker and provides

inspiration for bold, unique sewing creations. Chronicling the designer's 30 years in haute couture, this book follows van den Akker from his start in the Paris workrooms of Christian Dior to his rise in the fashion world and the establishment of his own Madison Avenue boutique. Included are demonstrations for duplicating several of his construction and design techniques that offer illustrated sewing instructions and intricate details for home sewers to imitate. The designs, with their richness of texture, generosity of color, and dynamic mix of fabrics, share the full scope of van den Akker's masterful creations.
