**Ellen Gormley : Learn Bruges Lace** before purchasing it in order to gage whether or not it would be worth my time, and all praised Learn Bruges Lace:

0 of 0 people found the following review helpful. awesome bookBy Marilyn G. Viscontinever thought that i would be making Bruges lace. at first i didn't really like the patterns.....then i saw the book i just purchased and after i rec'd it in the mail and read through the patterns i knew that i was going to like this particular pattern more than i previously thought. it seems that the patterns in this book were just what i was looking for and they just happened to be the Bruges Lace. have fun with these new and exciting patterns.....0 of 0 people found the following review helpful. great for teaching yourself Brgues Lace CrochetBy SueTraditionally Bruges Lace Crochet was done with very thin crochet cotton. This book modernizes Bruges Lace by using yarn for the projects while teaching you Bruges Lace Crochet. The pictures are excellent and shows the symbols traditionally used.0 of 0 people found the following review helpful. TammyBy Columbine Services-tammy S. VanderburPrompt delivery! Book as described! Thank you!

Replicating the beauty and elegance of vintage lace is made easy with this how-to book on the popular technique of Bruges lace. It is a style most often used in garment design because the pieces can be made in smaller sections or motifs then joined to make one large project or added to larger projects, making them portable and easy to incorporate multiple colors. The greatest thing about modern Bruges lace is that amazing results are possible with very basic crochet stitches. This book includes eight beautiful designs with step-by-step photo instructions. DK, sport, and medium worsted-weight yarns are used to make these designs that both beginner and intermediate crocheters will love.

About the Author Ellen Gormley has been crocheting for 12 years and is a member of the Southwest Ohio Crochet Guild. She lives in North Bend, Ohio.
