Leisure Arts : Learn to Arm Knit before purchasing it in order to gauge whether or not it would be worth my time, and all praised Learn to Arm Knit:

0 of 0 people found the following review helpful. Great Instruction book for a 12 year old. By Jolie Perfect for a younger child or for someone totally unfamiliar with yarns, crafts, etc. I expected something with a few more pages. This has 32 total, which includes 2 introductory pages and 12 pages of just completed examples, as shown on the cover. The actual instructions make up 4 pages. The rest of the pages list types of yarn listed with company, yarn name, color, etc. Great for a 12 year old. If you're serious, consider something different. It IS only \$3.99, though, so that is an indicator of the simplicity. Other wise, nice glossy. 0 of 0 people found the following review helpful. Great Resource By Ribby This booklet arrived faster than I was told it would, and it was in perfect condition. I have made several of the scarves already, and I will be making more of them. I would recommend this to anyone, as once you learn the technique, you're all set. These scarves make great gifts. 0 of 0 people found the following review helpful. Great By Rose Katterson Great step by step instructions. Easy to follow.

75517 Learn to Arm Knit Learn to Arm Knit teaches the ultimate quick technique for creating fabulous scarves and cowls! Using super chunky yarn or multiple strands of thinner yarns, you can be finished in about a half-hour even with no experience in traditional knitting. Simple instructions will guide you through every step, and you can watch our bonus online video for extra help. To inspire you, a photo gallery shows 33 unique cowls featuring lots of different yarn combinations. For more adventure, there are bonus instructions for making a finger crochet scarf.
