Solid Collection of Three Short Spicy Western RomancesBy Angie MikeI bought this anthology because Beth Williamson's name was on it, but as sometimes happens, I ended up liking the other two stories better. Overall it was a solid collection of short historical romances with none that I thought were terrible and one I absolutely loved! Samhain, the publisher of this title puts out some erotic works, but this collection I'd rate as more spicy. Overall they were fast reads that moved along well and were never boring. So if your looking for a few good western romances featuring hot cowboys and strong ladies, these three quick reads will hopefully hit the spot =)BRANDED by Beth Williamson - 3 STARS ***A clause in his grandfather's will forces Rafe to marry or else lose his ranch. He sets his sights on what he thinks is a safe choice. His neighbor Emma. But Emma's anything but "safe". They say oil and water don't mix, but in their case, it does - and the result is fire.... At just over 70 pages long I didn't think the characters were developed enough and the ending felt contrived just because it needed to end. Overall I just thought this one was okay.HIGH NOON by Rebecca Goings - 4 STARS ****When a full-blooded Comanche risks everything for the honor of a white woman - the woman he loves - it's a safe bet there'll be a showdown at high noon. And winner takes all!... This was actually a really good story. I didn't care too much for the heroine but Talon I absolutely adored! The characters were well-fleshed, the villain despicable, and the plot was solid and full of surprises. Overall just a really well written story, especially for its short 70-page length.THE SEDUCTION OF WIDOW McEWAN by Melissa Schroeder - 5 STARS *****Jamie was once in a loveless marriage, and has no desire to enter

into another. Then Seth ties her up in knots of desire - literally - and she begins to think things could be different. But someone's out to make sure neither of them ever find happiness.... Oh my gosh, for only being just 80 pages long this story was wonderful! Extremely well fleshed characters with Seth being slightly younger than Jamie. Just a truly beautiful and passionate love story!
