Great origami book for all ages!By Gary J Sakamotothis book is written so obvious folding steps are shown and explained compared to other origami books where some of these steps are assumed.easy to understand, so one will not get frustrated going to the next folding stephighly recommended0 of 0 people found the following review helpful. Enjoyable.By Alicia RileyLet enjoy origami is in Japanese and English. The direction and diagrams are easy to understand and origami molded is great for both beginners and experts alike. You'll also going to need scissors, cutting knife, cutting mat, rule ,glue, and other craft supplies for some of the project. The measurement are in centimeters.0 of 0 people found the following review helpful. great for kidsBy G.

Hintze This book is full of designs that children like, and the directions are easy to follow. My top favorites are the Koala Bear, Elephant and Santa Claus, but I expect I'll use just about all of the models for my group. A delightful book!

Learning to make origami in both English and Japanese.
