With it being a kindle book it has a download link in it so I can print out the hard copies to color. I love all of the details to color. It will keep me busy for hours on end.0 of 1 people found the following review helpful. Art Books = Ads...SHOW Us Designs BEFORE We Buy #376...By classicsGGmaArt Books = Ads for the print version of these coloring books. No file to download, no printing to color. Samples are those folded paper snowflakes we used to cut out as kids...also used as samples for other coloring books.What good are these coloring books to Kindle owners...None.When we buy coloring books in stores we can look inside to see if we like the designs and check for any designs we already have. WHY Not on ??

So you are interested in coloring, then why not increase its benefits by working on more complex designs instead? This book is composed of Spirograph, which are mind-boggling designs that seem to have no beginning and end. It's a great book to keep around the house and the office, too. Secure a copy today!
