**Chronicle Books LLC Staff : Linen Closet** before purchasing it in order to gage whether or not it would be worth my time, and all praised Linen Closet:

0 of 0 people found the following review helpful. "The Book of Fine Linen" also available on is the book to ...By Leila"The Book of Fine Linen" also available on is the book to buy if you are interested in this topic. The Linen Closet book is hardly informative, with little help for someone interested in this topic. For example it states that it is a good idea to dampen the linens before you iron, but gives no details on the actual ironing of the linens. It might be cute to

give as a wedding gift as someone else suggested, but why? A new bride would be far better off with the lovely, informative book; "The book of Fine Linen" . Her mother, grandmother and if lucky her great grandmother would approve.0 of 0 people found the following review helpful. The Linen Closet: great sellerBy HalBanesHow can one go wrong with a needed and out of print book costing \$0.01? Seller packed well, hard back corners nicely flat, no marks inside, arrived quickly, low cost postage. Perfect low-cost post-wedding gift for new bride with many linen gifts and no specialized laundry knowledge. Thank you.0 of 0 people found the following review helpful. The Linen ClosetBy Ms. Alene M. KeenanThis was a cute little book. Some general practical information, not too much new and exciting. The level of laundry service we have to know when working on a yacht is beyond the scope of this book.

Pretty as well as functional, this lovely little book combines practical information on how to care for fine linens and lace with charming Victorian design motifs, lacy patterns, and nostalgic quotations. Features little-known tips for cleaning and storing everything from table linens to window dressings. Full color throughout.
