Tom McComas, James Tuohy : Lionel: A Collector's Guide and History: Postwar before purchasing it in order to gage whether or not it would be worth my time, and all praised Lionel: A Collector's Guide and History: Postwar:

3 of 3 people found the following review helpful. Postwar in a nutshellBy Rich V.McComas and Tuohy put together a great book on the Lionel postwar production. It may not be as detailed as the Greenberg books but for the money it is a great buy. There are plenty of great pictures and detailed information on most of Lionel's postwar production. Volume IV "Lionel 1970-1980" is just as good.

Accurate guide to Lionel's postwar models with informative descriptions of locomotives, rolling stock accessories and sets. With color plates and black and white photos. 170 pages.
