Amy Gaines : Little Knitted Creatures: 26 Amigurumi Designs before purchasing it in order to gauge whether or not it would be worth my time, and all praised Little Knitted Creatures: 26 Amigurumi Designs:

0 of 0 people found the following review helpful. Adorable and fun critters to knit! By Laura LI bought this because another gal in my knitting group has this book and had knitted an adorable bunny 2x the pattern size and I wanted to make one for my granddaughter. This book is full of adorable knitted critter patterns that are super easy to follow. You can knit as per pattern or double or triple the pattern to make bigger ones. Example: the bunny pattern on pg.27-29 is really small when finished, so knitting it by doubling the amount of stitches in each row makes it the perfect size. All the critters are varying in sizes - each one has a finished size in the instructions so you know what it will be. ie: the Cinda Squirrel's finished size is 5 3/4" and the Boyce Bruin (brown bear on the cover) is 10 1/2 " tall). 0 of 0 people found the following review helpful. You can trust Amy Gaines! HONEST!!! By Kathy Amy does wonderful work! You can count on her pattern directions and these are made with easily found materials! This is not a thick book. Don't let

that scare you though or feel like you're getting ripped off because it's a great value! This is complete with directions and photos. No other filler stuff. Very well done!!! (If you're familiar with Annie's publications, this one is just like the others.) And frankly, these designs are so cute that it was enough to push me over the edge to learn to knit! :0)1 of 1 people found the following review helpful. Amy Gaines strikes again, right at my heart stringsBy QSI've been a fan of Amy Gaines for years. This book is really top notch. So many adorable designs, and with personality! Standard needle size makes buying supplies easy, and if you run across stitches or terms you're not familiar with, there is a guide to help you out. I absolutely cannot gush enough about how much I love this book!

Knitters will be delighted by the knitted world of Amy Gaines. Her toys are based on the Japanese craft trend of amigurumi (knitted or crocheted dolls). These very collectible designs are sure to be a hit with Amy's fans-grownups and children alike. This 112-page book features 23 adorable knitted creatures, including:. A Woodland Set-Squirrel, Owl, Mouse, Hedgehog, and Acorn. A Garden Gnome. A Birdhouse with Birds. An Ocean Set-Octopus, Whale, Crab, and Turtle . A set of true amigurumi-style critters-Bunny, Pig, and Bear. Plus, a more realistic group of animals-Sheep, Duck, and Bunny

About the AuthorThe inventive designer who dreamed up these cute knit characters is Amy Gaines. Amy is the owner and creative force behind Purl, the pattern company that exploded onto the Internet in 2006, leading cyber-crafters on a mission to discover a whole world of the friendly yarn-based life forms that she creates in both knit and crochet.
