W. M Harris : Logging with steam: Steam logging in the 1880s before purchasing it in order to gage whether or not it would be worth my time, and all praised Logging with steam: Steam logging in the 1880s:

Author is famous for his series of books on building scale railroading models and is a contributing series author to Live Steam magazine. This book has a signed limited edition certificate, number 1025 of 1500, inside cover page, attached. Book provides excellent plans for scale model steam logging equipment. The book contains two distinctly different model steam locomotives: The Mich-Cal No.2 Shay and the Falk No. 1. Fully illustrated with actual pictures and scales.
