1 of 1 people found the following review helpful. a great way to learn your stitches. By Wendy Holcombe The loom

knit stitch dictionary is a great tool. I have been practicing the stitches making little swatches. It's a great little resource. But wouldn't get it if you know nothing about loom knitting, it might be confusing to the novice. But there are some stitches that are easy, if you know how to knit and purl, you will love this little book. 0 of 0 people found the following review helpful. Must-have for anyone who uses looms to knit! By Linda This photos and directions in this book are wonderful! I had been using a round loom to make plain hats because that's all I knew how to make. This book has opened up a whole new list of possibilities. Wish I'd found it a long time ago! 0 of 0 people found the following review helpful. Great book. By Amy I'm very picky about loom knitting books since a few of them are not written for anyone other than a seriously experienced knitter and/or loom knitter. This book is NOT one of those. Love it!!!!!!
