By Barbara Leviten The idea of embroidering on a bar of soap or a roll of toilet tissue is what fascinated me and tempted me to buy it. I'm a machine embroiderer/craftswoman and I'm always looking for new and interesting things to do with machine embroidery. This book is great! You'll find ideas galore and projects you've never dreamed of! I definitely would recommend this book for anyone with an embroidery machine and the desire to accomplish the "Wow" factor in your projects! 1 of 1 people

found the following review helpful. Good general book
By Lisa g. There are complete project details on the CD but the book is real general. I've seen several like projects online so nothing really new in the book. I thought it would go into a little more detail on how to embroider on various material.
