Elizabeth Lovick : Magical Shetland Lace Shawls to Knit: Feather Soft and Incredibly Light, 15 Great Patterns and Full Instructions before purchasing it in order to gage whether or not it would be worth my time, and all praised Magical Shetland Lace Shawls to Knit: Feather Soft and Incredibly Light, 15 Great Patterns and Full Instructions:

0 of 0 people found the following review helpful. I like so many aspects of this lace bookBy TerrachromaI like so many aspects of this lace book. I like the way she gives step by step instructions for the Apprentice patterns she has.It takes all the guess work out of her Feature Pattern construction. Many beautiful patterns my favorite is the Heirloom Shawl.But I went to copy the charts for the Heirloom Shawl and found one of the largest charts has a portion on one

page and the other portion on the facing page. It is impossible to get a good copy in this position. Even trying to follow the chart from the book would be a challenge. The Rows are numbered on the Apprentice Patterns but not on her Featured Patterns. I am still glad I got this book. 9 of 10 people found the following review helpful. If you like Shetland Lace, you will love this book. By D Conner This is a must have! So much wonderful information and gorgeous patterns. You will find yourself planning to make each one! I could not put this book down until I read through from the front to back cover. It is so very well organized. This book won't sit and gather dust on the book shelf for certain. 0 of 0 people found the following review helpful. Five Stars By Barbara C. VanBurger Lovely patterns

Shetland lace shawls have long been the epitome of knitted elegance. Impossibly light and delicate, they are surprisingly easy to knit. This follow-up to Elizabeth Lovick's *The Magic of Shetland Lace Knitting* features full and complete patterns for 15 shawls that range from mini-wraps for beginners right up to a light-as-air wedding stole. Clear instructions for all the techniques needed to knit the shawls means that even beginners can achieve delightful results. And more advanced knitters can learn how to use basic patterns to create their own designs. The core techniques section gives you the technical knowledge you need to knit the projects, including techniques specific to using thin yarns and dealing with filmy pieces. The design section will help you to understand how stitches go together, and give you confidence to change stitches should you wish to. The projects, the main part of the book, give a selection of stoles, capes, and shawls in the Shetland tradition, with suggestions for alternative stitches and uses for the pieces. *Magical Shetland Lace Shawls to Knit* will quickly become an essential addition to your knitting library.

About the Author ELIZABETH LOVICK has spent many years researching and knitting Shetland lace patterns. A teacher by nature, she enjoys giving knitters the help they need to expand their horizons. She regularly contributes patterns and articles to knitting and spinning magazines in the US and UK. Elizabeth lives in the United Kingdom and frequently travels to the Shetland Isles. She is the author of *The Magic of Shetland Lace Knitting*.
