Easy and simple craftBy The Candid Cover3.5 StarsIf you are looking for a fun and easy craft for a weekend project, this book has some simple and unique ideas that involve all sorts of pompoms. There are detailed and easy to follow instructions with many gorgeous photos to compliment each project. There are ideas ranging from simple bookmarks to cake decorations and if you are planning a party, this craft book does contain quite a few inexpensive and interesting party decorating ideas. While I did find this book enjoyable, I do believe that this would be a perfect crafting book for tweens. The projects are very simple and I was expecting

some more elaborate ideas for my own decorating and gift giving projects. Also, the author suggests the purchase of different sized pompom makers and I felt that this was unnecessary, as there are so many do-it-yourself pompom making ideas out there. 0 of 0 people found the following review helpful. I received a copy of Make in a Day - Pompom Crafts from NetGalley and the publisher in exchange for my honest review. Complete easy to follow instructions make these 15 craft ideas simple to make and share with others. They are easy enough for young crafters to enjoy and lovely enough to decorate your home and give as gifts for friends and family. You may get a few ideas for your own crafts. My rating is 4 out of 5 stars

Add a bit of pizzazz to a variety of objects with pompom crafts that you can make in a day. These handcrafted yarn ornaments are simple to make and no previous crafting experience is necessary. Quick and easy projects include a headband, a pendant, pillow and dish towel trim, wall flags, and other craft items for home decor. Each book in Dover's Make in a Day series presents 15 projects with illustrated step-by-step instructions. The beginner-friendly projects are ideal for anyone wishing to whip up something simple but special. Creating pompom crafts adds a personal touch and a dash of handmade charm. Supplies are easy to obtain and are readily available at major craft stores. Other titles in the series include Make in a Day: Modern Wreaths and Make in a Day: Paper Flowers.
