I inherited a bunch of fabric and was looking for ideas to use some of it up, so I purchased this book. I love the matchbooks, the recipe book, et cetera. There is a whole different feel to a fabric book than a paper book. If you've got a pile of fabric this is a fun way to use some of it up!0 of 0 people found the following review helpful. purchases. It was an instruction book, unused for any of my commissions, But a keeper for referances.
