The projects are really do-able by virtually all ages. Even the littlest of hands can help paint and glue. It is amazing all the things that can be made with paper tubes, egg cartons and a few other boxes and packaging. I have found that as you are making creatures you give them names and personalities. This will lead to hours of pretend play with the animals and people that are made using this book as a guide. Not only are there tutorials for people and animals there are houses, other structures and vehicles so it is perfect for both boys and girls.

How to make your own farm animals, equipment, and scenery with recycled cardboard. Tracey Radford is a master of taking everyday cardboard and turning it into incredible, yet simple, craft projects for parents and children to make

together. In *Make Your Own Farm Animals* she has created an amazing menagerie of creatures, as well a tractor, farmhouse, barn, hay bales, and much more. In Chapter 1, *In the Field*, there are adorable animals to make such as Clarissa the Cow, Hector the Horse, and Felix the Fox. In Chapter 2, *Farmyard Fun*, we get to create Paddy the Pig, Shep the Sheep Dog, and even Farmer Fred and his wife Winnie. In Chapter 3, *Home Sweet Home*, Tracey gives the animals shelter with her easy-to-build stable, piggery, and kennel. Finally in Chapter 4, *Machinery and Scenery*, there's plenty of pretty farm scenery to make, such as a pond, trees, grass, and flowers, as well as that all-important farm equipment. Every project is made using simple step-by-step instructions, with handy tips throughout. Parents will delight in creating this wonderful farm with their children and never look at a cardboard tube or empty egg carton in the same way again!

About the Author: Craft has always played a part in Tracey Radford's life: through her childhood, her career as a BBC journalist, and then as a busy mum of three. But it was only when she started making cardboard animals for her kids, while her husband was posted to Afghanistan for a year, that this passion really took center stage. A keen upcycler, Tracey's mission was to make all the creatures from things found around the home that usually get recycled or thrown away. The cardboard animals have become a hugely popular part of her blog and featured in her first book, *Make Your Own Zoo*. This book brings together Tracey's wonderful new farmyard creations.
