Dawn Cusick : The Button Craft Book before purchasing it in order to gage whether or not it would be worth my time, and all praised The Button Craft Book:

3 of 3 people found the following review helpful. Love It!By Diane L. CassLots of great ideas for my vintage buttons. The instructions are clear, the pictures are great. I highly recommend this book for crafters and button lovers.0 of 0 people found the following review helpful. Three StarsBy CustomerNice, haven't used it yet.1 of 1 people found the following review helpful. This is a Good Resource for Button CraftersBy shooflypieI enjoy the creativity and ideas in this book on crafting with buttons. I find it to be a good resource and it gives me lots of original ideas to try.

Buttons can do much more than just keep clothes closed!

From Library JournalButtons, long a popular collectible, have entered the world of wearable art as decorations. They can be sewn or glued to clothing or solid objects or incorporated into jewelry. Although commercial buttons are available in great variety, some stitchers prefer to make their own. These projects, collected by noted crafter Cusick from many American designers, have instructions for making buttons from gemstones, leather, needlework, clay, and other materials and for using finished buttons as embellishment for clothing, jewelry, bags, and boxes.Copyright 1996 Reed Business Information, Inc.
