Wing Mun Devenney : The Complete Guide to Making Wire Jewelry: Techniques, Projects, and Jig Patterns From Beginner to Advanced before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Guide to Making Wire Jewelry: Techniques, Projects, and Jig Patterns From Beginner to Advanced:

0 of 0 people found the following review helpful. Highly recommended!By Needs to KnowI like this book.It is well organized, and has a lot of hard to find info.A really good reference book.I'm glad I purchased this book.I probably have too many jewelry making books. This one will be put in a place, where I can easily find it!1 of 1 people found the following review helpful. Wired JewelryBy CustomerThis is a great book with instructions and guidelines on how to make wire jewelry.0 of 0 people found the following review helpful. Great Book to Help with Jewelry MakingBy Joanie BruceThis book is a GREAT tool for the beginning jewelry maker. It teaches all about wire, the sizes, the different metals, etc. This is a MUST for a beginner!

Theres just no denying it: wire is a wonderful, versatile, and forgiving material, available in an exciting range of shapes, sizes, and colors. Easily combined with leather, cords, crystals, beads, and stones, wire also has manipulative qualities that make it perfect for techniques such as wrapping, bending, forming, twisting, weaving, knotting, and

knitting. In *The Complete Guide to Making Wire Jewelry*, professional jewelry designer and teacher Wing Mun Devenney, known for her stunning contemporary pieces, gives readers: Step-by-step instructions for 11 projects, including earrings, bangles, bracelets, necklaces, and more; Guidance for design ideas and inspiration, setting up the workspace, and assembling materials and tools; Instruction on wire-forming methods for beginning to advanced jewelry makers, including the use of jigs, mandrels, and spiral makers; Countless shapes and forms, repetitive patterns for jewelry chains and sets, and advice on how to turn simple pieces of wire into finished pieces of jewelry with handmade wire findings. This invaluable guide will provide beginning hobbyists and advanced crafters alike with the necessary skills, vision, and know-how to develop and create their own spectacular jewelry designs.

"Profusely illustrated and thoroughly 'user friendly' in content and presentation, *The Complete Guide to Making Wire Jewelry: Techniques, Projects, and Jig Patterns From Beginner to Advanced* is very highly recommended for personal, professional, community, and academic library Jewelry Crafts instructional reference collections." *The Midwest Book*

From beginners and intermediate learners to the makers of fine jewelry, readers likely will refer to this book often. Devenney delivers the goods with due diligence. Hundreds of color photos, plentiful pointers and cautionary notes supply added value.
