Cheryl Owen : The Complete Practical Guide to Card-Making: 200 Step-By-Step Techniques And Projects And Over 1000 Photographs - A Complete Practical Guide To Making ... Host Of Different Styles, For All Occasi before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Practical Guide to Card-Making: 200 Step-By-Step Techniques And Projects And Over 1000 Photographs - A Complete Practical Guide To Making ... Host Of Different Styles, For All Occasi:

9 of 9 people found the following review helpful. Who Should Purchase This Book?By Peggy RossonI found the majority of projects in this book to be for the beginner to some intermediate crafters. There are quite a few patterns impressively shows both the metric U.S. numeric systems of measure, so you won't have to stop to do the math. The "How-To" progression of steps are done with fairly nice pics of visual written instruction. This book does a great job of detailing techniques styles, yet I found it's equipment section to be more of a "What's around the house?" list. One should always research what's new, before purchasing tools supplies, so you don't waste \$ in the long run. If you don't have the \$ for special tools, then the list of "Around the house" is great! For my personal taste, I found many of the color choices combinations distasteful. One must look past that to utilize the ideas techniques, which are key here. Overall, I can recommend this book to the above forum.0 of 0 people found the following review helpful. I did a quick perusal of this book. The ...By HotdogI did a quick perusal of this book. The book was sent to Brazil for the Sisters to be creativity with the local residents.0 of 0 people found the following review helpful. Very helpfulBy Diane R. WhitbeckVery good book full of great ideas and thorough explanations.

How to make unique cards and stationery items - a wealth of creative ideas, techniques and examples to follow, shown in more than 1000 stunning step-by-step colour photographs.
