But I do like the pictures of the most common bugs in colorBy Nancy ComelloI bought two of these books, one for my 7 year old grand son who loves to garden and one for myself. I wish the all the pictures were in colorso it would be easier t spot the bugs. But I do like the pictures of the most common bugs in color, it helps.I actually have now 3 of these books (shopgoodwill.com) and gave the other one to my garden friend0 of 0 people found the following review helpful.
